

AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions, and listings, of claims in the application:

1. (Currently amended) A concentrate consisting of:

~~an active substance selected from the group consisting of an algae oil, an essential oil, a terpene, phosphatidylserine, one or more~~ an ω -3 fatty acids, lanolin, ~~a linoleic acid glyceride, citral or tee tree oil,~~ and

a surplus amount of a polysorbate, wherein the ratio of ~~active substance~~ ω -3 fatty acid to polysorbate is no greater than 3:7 by weight,

wherein the ω -3 fatty acids ~~are active agent~~ is micelled such that the individual micelles have a size not greater than about 40 nm.

2.-18. (Cancelled)

19. (Withdrawn and amended) A method for preparation of a concentrate according to claim 1, in which the ω -3 fatty acid ~~active substance~~ is mixed with a surplus of polysorbate until a clear mixture is obtained.

20. (Cancelled)

21. (Withdrawn) The method according to claim 19, in which the mixture is heated to a temperature of about 80°C to about 100°C.

22.-24. (Cancelled)

25. (Currently amended) The concentrate according to claim 1, wherein the weight ratio of ω -3 fatty acid ~~active substance~~ to polysorbate is no greater than 2:5.

26. (Currently amended) The concentrate according to claim 1, wherein the weight ratio of ω -3 fatty acid ~~active substance~~ to polysorbates is no greater than 1:6.

27. (Currently amended) The concentrate according to claim 1, wherein ~~the active substance is selected from the group consisting of algae oil, a terpene, phosphatidylserine, an ω -3 fatty acid, lanolin, and a linoleic acid glyceride,~~ and the polysorbate is polysorbate 80.

28. (Currently amended) The concentrate according to claim 1, wherein ~~the active ingredient is selected from the group consisting of an essential oil, tea tree oil, and citral,~~ and the polysorbate is polysorbates 20.

29.-34. (Cancelled)

35. (Previously presented) The concentrate according to claim 1, consisting of 21% by weight of an ω -3 fatty acid containing animal fat and 79% by weight of polysorbate 80.

36.-43. (Cancelled)
